Brenntag Food & Nutrition opens digital doors for its first Global Virtual Nutrition Event

Brenntag Food & Nutrition, part of Brenntag SE, invites its customers, suppliers, and the interested public to its first Global Virtual Nutrition Event which will be staged online on November 9, 2021. The overarching theme of the event is “Opportunities for your Nutrition business in an ever-evolving world”. It awaits its audience with trend topics such as Food Safety, Clear Label, Gut Health, and Plant-based Products.

Michiel van Genugten from Global Industry Development Food & Nutrition and host of the event, says: “At Brenntag Food & Nutrition, we have arranged a diverse program that will help our worldwide customers and suppliers to successfully adapt to the increasingly complex and uncertain market conditions and eventually grow their business. We will offer consumer insights, technical know-how, excellent formulation capabilities, market leading distribution excellence and supply chain infrastructure. We are very excited to welcome our visitors to our first all-virtual event.”

Interaction with the visitors on various levels will play a central role in the set-up of the Global Virtual Nutrition Event. There will be live Q&A sessions, direct contact with the hosts in break-out sessions, dedicated chat rooms per region or country, as well as a personal appointment section to get in direct contact with selected Brenntag experts within the event week (November 8 to 12). Following the live event, the virtual pavilion will remain open from November 10 to 12 where recordings of the respective webinars will be available.

For more information on and registration for the event, please visit [Brenntag Global Virtual Nutrition Event 2021](#).
