

UNICELL SCF 75

Sugar cane fiber Unicell SCF 75 is concentrated, natural sugar cane fiber of white to light grey color and neutral taste and flavor.

Usage of technologically advanced methods of selecting, crushing and fibers' fractionation in production process, ensure the achievement of a product of the highest quality and utility.

Sensory Properties	
Appearance	White to light grey powder
Consistency	Loose
Taste	Neutral
Odor	Neutral
Sensory sensations	Smooth delicate powder, odorless and tasteless
Physic - chemical analysis	
Content of dietary fiber	min 95% in dry mass
Ash	max 0.3%
Loss on drying	max 7%
pH value (10% suspension)	4-7
Gluten content	Absent
Loose bulk density	200 – 250 g/l
Microbiological analysis	
Standard plate count	≤ 10000 cfu/g
Yeasts and moulds	≤ 1000 cfu/g
Salmonella	Absent in 25 g
E.coli	Absent in 25 g
Listeria monocytogenes	Absent in 25 g

Heavy metals	
Pb (Lead)	≤ 1.0 ppm
Cd (Cadmium)	≤ 0.1 ppm
Hg (Mercury)	≤ 0.1 ppm
As (Arsenic)	≤ 1.0 ppm
Sieve analysis	
> 32 µm	max 30%
> 75 µm	max 5%
Nutritional value according to EU regulation 1169/2011 (per 100 g)	
Energy (1)	795 kJ/198 kcal
Fat	0.2 g
of which:	
saturates	0,0 g
Carbohydrate (2)	3.2 g
of which:	
sugars	0.0 g
Fibre	92.6 g
Protein	0.4 g
Salt (3)	0.28 g
(1) calculated using fibre conversion factors (8 kJ/g, 2 kcal/g)	
(2) available carbohydrates only	
(3) salt = sodium x 2.5	

Declaration

- InterFiber hereby declares that all products currently released for testing, respectively accepted in trade, do not contain any genetically modified organisms (GMO). Our guarantee is based on the fact that raw materials have been developed through conventional breeding work, without using genetic modification techniques, and knowledge that the whole production process is free from GMOs.
- Unicell SCF 75 does not contain any allergens named in the Regulation (EU) 1169/2011. There are some cereal-based gluten-free products present in the production site, no other allergens are present.
- Ionizing irradiation is not applied in the production process.
- Unicell SCF 75 contains no food additives.

Shelf life storage conditions

- Minimum shelf life of the product in original packaging: 24 months.
- The product should be stored in a dry and ventilated place, and protected against the influence of external factors.

Packaging

- Standard packaging: 20 kg bag
- Pallet: 600 kg (30 bags)
